Shukur Huseynli, Frontend Developer

Knowledgeable in user interfaces, responsiveness, debugging processes, able to work independently with HTML,CSS , JavaScript & React technologies. Loves learning new things in technology field. Also effectively self-manage during independent projects, as well as collaborate in a team setting.

Experience

Project Manager, Baku

October, 2022 - October, 2022

I worked as project manager in Algoritmika boot camp's HTML & CSS module project (a boot camp website) **https://github.com/Cannibalhulk/modul-1-algoritmika-layihe**

- I build the website's about section.
- On final day we hosted our website in Netlify.
- I collaborated with my project mates via the Slack app, also tried to approach each of them individually as I can.
- We performed well time management skill.

Frontend developer, Internship at Monofi

February, 2023 - April, 2023

My duty as a frontend developer simply consisted of building company's website according to Figma design with the collaboration of other developers at the team. We were building the project on top of **Next.js**.

Moreover, I actively engaged in code reviews and provided constructive feedback to ensure code quality and improve overall development practices. By conducting regular testing and debugging sessions, I proactively identified and resolved any frontend-related issues.

Education

Bachelor's, Azerbaijan State University of Oil and Industry, Information Technology, Baku

September, 2020 - Present
